About the artist:

His first release (ELMA002) 'TeleCommander' was remixed by Ritzi Lee and placed in the Top10 of Techno legends Dave Clarke and Ben Sims. With his follow up single (ELMA003) 'Diving' he tied up to his success. His track was played by many international DJs including Dave Clarke. The Austrian DJ and producer release another hot EP after his success with past singles and remixes. Mike Turrento's release 'Nothing Ventured - Nothing Gained EP' is out on elmart. This time he produced two experimental Techno tracks. 'Bungee' is characterized by recurring sounds and rides. 'Recovery' takes you on the dark side of Techno with its synths and its grooving bassline.
