About the release:

ELMA012 is hosted by UK DJ and producer Ignition Technician. He needs little introduction as Primate's Official tour DJ and owner of some of Techno's most popular labels including Ignition Records, (Infamous) Player, Notorious North, DJ Special Needs, Androids and Pirate Audio UK Productions. Ignition Technician also produces for some of the biggest electronic labels around including Primate, Prime Evil, Planet Rhythm, Audio and Pounding Grooves to name a few. For his 'The Legend Of DC' EP on elmart records he produced a hard stomping Techno track which bursts the speakers. Furthermore, his track was remixed by Spiriakos & Steen, who are upcoming Techno heroes from Czech Republic and release foremost on labels Naked Lunch and Kombination Research. Additional remixes are by Austrian producers Mike Turrento, Evosilica and Michael Strauss.
