About the release:

After more than one year Mike Absolom broke up his musical pause and continued producing his straight Techno music. In 2009, he released his last EP and releases his latest production on elmart records on 30th of August 2011. His original mix convinces through very melodic elements and his straight Techno kicks. DJ Kamikaze contributes a great Jackstar remix for his single. The U.S. producer contributes a hard stomping Techno track, which is absolutely bursting.
