About the release:

[ELMA018] is hosted by elmart DJ and producer Mike Turrento. After his success with his releases last season, he continues with another straight Techno release on elmart records. His new single 'Smiling Noise' will be released on 8th of November. Beside his original mix of Smiling Noise you find two remixes on this release. The first remix is contributed by Niereich and his label partners Mike Ban & Dietmar Wohl. These three artists form the label 'Audio Stimulation Records' based in Graz/Austria. Niereich is definitely the shooting star in the Techno scene of season 2010/11. Luke Creed contributes the second remix. The Irish DJ and producer did an awesome remix with a very deep bass line and groove.
