About the release:

Mike Turrento strikes back at his resident label elmart with another hard driving single release called 'Grow Horn'. Fasten the seat belts for this huge dutch remix collection which will round up this release. First one is delivered by Mr. Trust The Machine (The Public Stand, Slap Jaxx, Gobsmacked Records), his sound is raw, dark and edgy with funk and drive. The second remix is made by Dutch Techno Militia member Oliver Kucera (Hybrid Confusion, Audio Assault, Naked Lunch), who created an industrial Techno remake. Last but not least after his success of the last remix for elmart Sceptical C (Elektrax Recordings, Bass Assault Records, Mastertraxx) is back again to round up this amazing Techno package.
